Final Examinations Schedule

Final Examination Dates

December 7-14, 2022

Last Day of Classes – Friday, December 2
Study Days: Saturday, December 3 – Tuesday, December 6
No final examinations may be scheduled on Study Days.

Final Examination Policy for all Fall and Spring Courses Scheduled in Standard Sessions

There are two “standard session” options for fall and spring classes. Courses in standard sessions include a scheduled final examination. Standard session 061 does not include a scheduled final examination.

For all standard session courses, the last scheduled day of class is required instructional time. For courses scheduled in a standard session, a final examination or other final summative experience is required during the published final examination week. For courses scheduled in standard session 061, there is no final examination week.

Final examinations or other final summative experiences may not be scheduled during the Study Days period.

No deviations from the published examination period are permitted for courses scheduled in a standard session during the fall and spring semesters, unless faculty have authorization in advance from the Committee on Academic Policies and Procedures (CAPP). CAPP will not consider any faculty request for rescheduling a final examination without unanimous written consent of all students in the class. Contact the Registrar’s Office (213-740-4623 or registrar@usc.edu) for the request form and procedures.
