

Major Discovery Activity

Part 1: Major Identification

Become familiar with the undergraduate major options at USC by exploring the list on the [USC Catalogue](#). Consider what is most important to you and how much time you reasonably have before you must decide and commit to a major.

- Review the list of undergraduate majors and cross off the ones that are not of any interest to you.
- Next, follow the links for information about the remaining majors and take a look at some of the course requirements to see if they interest you.

Part 2: Major Discovery Chart

Complete the Major Discovery chart on page 2.

- Review your STARS report through the OASIS icon on [myUSC](#) to confirm your completed, in-progress, and remaining units for degree completion.
- Explore the ["What Can I Do With This Major?"](#) resource shared by the [USC Career Center](#) to identify possible career options.
- Learn more about the admission process for each of your major interests by clicking on the school below that offers the program.
