

USC SCHOOL	Marshall School of Business
ACADEMIC DEPARTMENT	Finance Specialized Masters Programs
GRADUATE PROGRAM	Master of Science in Finance
POST CODE	1525
TERM EFFECTIVE DATE	Fall 2024

PROGRAM DESCRIPTION

A brief description of the graduate program.

The primary objective of the USC Marshall Master of Science in Finance (MSF) program is to provide students with a flexible and rigorous STEM curriculum to prepare them for a wide range of career opportunities in finance. All courses are taught on the University of Southern California campus by the Marshall School of Business' award-winning teachers, researchers and practitioners. Students can personalize their degrees with elective courses on such topics as real estate, mergers and acquisitions, and hedge funds. The program is open to both business and non-business majors. Academic history must convey potential to succeed in a rigorous STEM-designated quantitative program.

NOTES FROM THE DEPARTMENT

This section highlights any unique considerations, exceptions, or requirements for the graduate program. If a program has specific restrictions (courses, majors, etc.), they are detailed below.

*GSBA 510 may be waived for Accounting majors. GSBA 511 may be waived if ECON 351 has been completed with a B+ or better. GSBA 548 may be waived if BUAD 215 (taken in fall 2022 only), BUAD 306, or BUAD 308 has been completed with an A- or better. FBE 529 may be waived if FBE 421 has been completed with a B+ or better. GSBA 542 may be waived if BUAD 302 has been completed with a B or better.

Non-Marshall majors must have a final grade in BUAD 306: Business Finance or BUAD 308: Advanced Business Finance before submitting an application. *Note: If you are a Senior graduating in May 2024, this requirement is not applicable for the Fall 2024 application cycle. For all future application cycles (Fall 2025 and later), all students must meet this admission requirement.*

Eligible PDP students may reduce their total unit requirement to a minimum of 30 units. Students who are eligible to waive more than 6 units of coursework must replace any excess units with 500-level FBE electives.

The Master of Science in Finance (MSF) program, and progressive degree program in particular, is very competitive often with a higher GPA standard (3.5+ GPA preferred).

The MSF program begins in Fall semesters each year and requires three semesters (two Fall terms and one Spring term) of enrollment. MSF PDP degree completion is not limited to three semesters, but the course plan should reflect the course sequencing indicated above.

GSBA 548 and GSBA 542 must be taken in the first Fall term, regardless of course plan length. All PDP students must enroll in at least two core MSF courses in the first Fall term. If students are eligible to waive GSBA 548 and/or GSBA 542, they must enroll in other core courses (GSBA 510, GSBA 511, and/or FBE 506) to meet the two-course minimum requirement for the first term.

All 500-level FBE courses and a select list of approved non-FBE courses may be taken to satisfy the elective requirements. Please see the USC Catalogue for a list of preapproved electives:
<https://catalogue.usc.edu/>

Elective courses may be taken in 3-unit or 1.5-unit increments and must sum to a minimum of 13.5 units.

Marshall Undergraduate Majors

Marshall UG majors may be able to use up to 12 500-level graduate elective units taken as part of the MSF program toward their Marshall MUDE units. You will have the opportunity to discuss this in detail with the graduate program advisor if your application is recommended for admission.
